**Update 58 of TCEQ Air Section Activities (SWS Contractors) 0600 through 1800 Hours and TCEQ Air Section Activities 1400 through 2200 Hours - 4/2/2019**

All,

Attached are handheld monitoring field data sheets of the air monitoring conducted by SWS Contractors from April 2, 2019 at 0600 hours to 1800 hours, and TCEQ Air Section Activities 1400 through 2200 Hours. No readings above the action levels identified by unified command were detected at either of those locations. The only odors detected during the surveys appeared to be unrelated. Intermittent exhaust fumes from traffic were detected at the US Postal Service (29.7819212, -95.1247720) at 3:11 p.m.; a smoke/BBQ odor was detected at Channelwood Park (29.7804231, -95.1545000) at 5:54 p.m.; styrene/plastic odors were detected at 9311 E. Avenue P (29.72093, -95.26080) at 1553 to 1615 hours; and cooked food odors were detected at 10215 ½ Challenger 7, Jacinto City (29.76951, -95.24989) at 1842 to 1900 hours.

The Air Section will provide the next update on April 3, 2019 at approximately 0700 hours with information from area surveys and monitoring conducted from April 2, 2019 at 2200 hours to April 3, 2019 ending at 0600 hours.

Regards,  
Letasha Miller
